Education

University of Ilorin

Bachelor of Arts in English and Literary Studies

2018 – 2023

Ilorin, Kwara State

Professional Summary

I am a results-driven Customer Support and E-commerce Operations Specialist with experience supporting international customers, managing Shopify storefront operations, troubleshooting technical issues, and improving digital customer experiences. Skilled in Shopify Plus, page builders, HTML/CSS, customer support platforms, conversion rate optimization (CRO), and AI-assisted workflows. Experienced in resolving customer and technical issues across multiple communication channels while collaborating with cross-functional and remote teams. Strong analytical, communication, and problem-solving skills backed by a Bachelor of Arts in English and Literary Studies.

CORE SKILLS

Professional Experience

Remote E-commerce Support Services (Freelance Support) November 2024 – Present

- Provide technical and operational support to international e-commerce clients, resolving Shopify storefront, layout, page-builder, and customer experience issues across different markets and time zones.
- Manage and optimize Shopify storefront layouts, landing pages, and product pages using Shopify Plus, GemPages, PageFly, Shogun, Replo, HTML, and CSS to maintain responsive and conversion-focused experiences.
- Diagnose and resolve technical issues involving storefront functionality, responsive layouts, third-party integrations, APIs, and checkout experiences, escalating complex cases when additional technical intervention is required.
- Monitor storefront performance and conversion metrics, identify friction points across the customer journey, and support CRO initiatives through A/B testing, layout improvements, and data-informed recommendations.
- Leverage AI-assisted development and productivity tools to streamline troubleshooting, documentation, and SOP workflows while maintaining a 95

Customer Support Specialist (PZCussons) Jan 2022 – Nov 2023

- Supported customers across multiple PZ Cussons brands, responding to product inquiries, complaints, and service requests through phone, email, and digital support channels.
- Investigated customer concerns, identified appropriate resolutions, and escalated complex or sensitive cases to relevant teams while maintaining clear communication with customers.
- Provided accurate product and service information to help customers understand product usage, availability, and relevant support options.
- Documented customer interactions and recurring concerns to support effective case management, follow-up, and communication across internal teams.
- Collaborated with colleagues and relevant departments to resolve customer issues efficiently while maintaining professional service standards and a positive customer experience.

Product Promoter (Indomie Nigeria) June 2019 – Jan 2021

- Promoted Indomie products directly to prospective customers by communicating product features, benefits, varieties, and promotional offers.
- Engaged customers during promotional campaigns and events, answered product-related questions, and encouraged product trials and purchases.
- Supported product demonstrations, sampling activities, and promotional events to increase brand awareness and customer engagement.
- Collected customer feedback and observations during campaigns and communicated relevant insights to supervisors and promotional teams.
- Assisted with promotional displays and campaign materials while ensuring brand presentation remained consistent with marketing guidelines.
