Experience

E-commerce Support Specialist

November 2024 - Present

Remote freelance support

- Provide technical and operational support to international e-commerce clients, resolving Shopify storefront, layout, page-builder, and customer experience issues across different markets and time zones.
- Manage and optimize Shopify storefront layouts, landing pages, and product pages using Shopify Plus, GemPages, PageFly, Shogun, Replo, HTML, and CSS to maintain responsive and conversion-focused experiences.
- Diagnose and resolve technical issues involving storefront functionality, responsive layouts, third-party integrations, APIs, and checkout experiences, escalating complex cases when additional technical intervention is required.
- Monitor storefront performance and conversion metrics, identify friction points across the customer journey, and support CRO initiatives through A/B testing, layout improvements, and data-informed recommendations.
- Leverage AI-assisted development and productivity tools to streamline troubleshooting, documentation, and SOP workflows while maintaining a 95.

PZ cussions

January 2022 – November 2023

Customer Support Specialist

- Supported customers across multiple PZ Cussions brands, responding to product inquiries, complaints, and service requests through phone, email, and digital support channels.
- Investigated customer concerns, identified appropriate resolutions, and escalated complex or sensitive cases to relevant teams while maintaining clear communication with customers.
- Provided accurate product and service information to help customers understand product usage, availability, and relevant support options.
- Documented customer interactions and recurring concerns to support effective case management, follow-up, and communication across internal teams.

Indomie Nigeria

June 2019 – January 2021

Product Promoter

- Promoted Indomie products directly to prospective customers by communicating product features, benefits, varieties, and promotional offers.
- Engaged customers during promotional campaigns and events, answered product-related questions, and encouraged product trials and purchases.
- Supported product demonstrations, sampling activities, and promotional events to increase brand awareness and customer engagement.
- Collected customer feedback and observations during campaigns and communicated relevant insights to supervisors and promotional teams.
- Assisted with promotional displays and campaign materials while ensuring brand presentation remained consistent with marketing guidelines.
